

Automatic Time Tracking – Save Time and Reduce Errors!

Save time and reduce costly errors by allowing your employees to track their own hours online and eliminate double input. It can be a real pain to track employee hours and re-enter the data, especially when you have to follow complicated overtime rules.

- ✓ Reduce costly errors by automatically calculating total hours worked (including overtime)
- ✓ Reduce compliance risks by applying state and federal overtime and double time rules
- ✓ Save valuable time eliminating double input by allowing employees to enter their own hours online.
- ✓ Fully integrated with payroll so you never have to calculate or re-enter hours
- ✓ Easily review and adjust hours to fix employee mistakes
- ✓ Automatic Email Reminders to employees when timesheets are due
- ✓ Flexible options
 - Online timesheets on a password protected website and/or
 - Multi-user online time clock where employees can clock in and out
